Read the passage carefully. Then answer all 6 questions using details from the text.

Room Twelve Recycles

Room Twelve began a recycling project after noticing full classroom trash cans.

Students placed one blue bin for paper beside the pencil sharpener.

A smaller green bin collected clean plastic bottles after lunch.

Jordan made a poster showing which materials belonged in each bin.

Every Friday, two students weighed the collected paper with a scale.

The first week's paper weighed eight pounds, and the second week's weighed six.

The class used fewer paper towels after adding cloths for small spills.

After one month, the regular trash can was only half full each day.
